A Guinea Pig Pride & Prejudice

Synopsis

It is a truth universally acknowledged, that a single guinea pig in possession of a good fortune must be in want of a wife. It is a truth personally acknowledged by Mrs. Bennet that all five of her furry daughters--Jane, Elizabeth, Mary, Kitty, and Lydia--are in need of husbands. To her mother's grave disappointment, Elizabeth Bennet is headstrong and won't take just anyone, especially not the haughty Mr. Darcy.* Elizabeth blames the arrogant gentleman for steering Mr. Bingley, one of the rare men in possession of a good fortune, away from her older sister Jane. But when boy-crazy Kitty and Lydia fall in with the wrong crowd, it is Darcy who saves the day--and the Bennet family honor--and wins Elizabeth's tiny, rapidly beating rodent heart. This delightful retelling of *Pride and Prejudice* is illustrated throughout with full color photos of the finest guinea pig actors working today. Costumers familiar with the elegant curves of the guinea pig form have tailored lush period looks. And of course, it is the love between guinea pigs that can best illustrate the depth of feeling between Jane Austen's Elizabeth and Mr. Darcy.* The guinea pig playing Darcy struggled with looking supercilious, though rest assured, when carrots were removed from the elegant sets, the actor was able to still his nose long enough to look down it, and once he donned his summer-weight waistcoat, he made a fine and dashing Darcy.

Customer Reviews

For all of you Guinea Pig lovers, this book is fabulous. Of course, most of you are familiar with the story, which is highly condensed, but it's the pigs and their costumes and sets that make it

wonderful. Too cute!

For you to love this book please see check list.1. Do you love Guinea Pigs?2. Do you love Pride & Prejudice?3. Have you ever wonder how the story would be with Guinea Pigs?If you answered yes to all three of these then this is the book for you.

Totally adorbs. Just imagine Pride & Prejudice with guinea pigs. Brilliant. I didn't realize this book existed until I saw it displayed at the bookstore. I'm a Pride and Prejudice fanatic and I love collecting any related books. So, of course, I bought this little gem right away. Plot-wise, it was a summary that hits the highlights. There were a few snippets that didn't exactly follow the story but you can forgive the slight, considering the length of the book. Plus, for the people who have never read P&P, the story might make a little more understandable without going into deep details. The book itself is really well constructed. The photos are clear and sharp. The casting choice, I do have to say, was spot on. Readable. This is not meant for young children to read alone. There are words that might go over their heads.If you are a P&P fan or know someone who is, this is a perfect gift. It is a little pricey but it is so cute. I have no regrets.

I cannot even with how much I love this. I actually bought it as a gift for my mother, but couldn't resist (carefully) reading it myself the day that it came in. Bear in mind that this is a cute product for Jane Austen lovers- it is NOT the complete book. It follows the main events in a page or two each, and each page is more or less a paragraph, with a quote beneath each guinea pig pic.

Charming and beautifully done. I got this as a birthday gift and I could not have been more surprised and delighted. Perfect for the literature-loving guinea pig enthusiast in your life!

This is an absolutely charming little book that with delight any guinea pig fancier or Jane Austin fan. The pictures are richly colored and detailed. The innocent faces of the guinea pigs are funny, touching and delightful. What a fun book to share with children or big people. It is a fine addition to a family library or a sweet gift to a new pig owner. (Product warning.... your guinea pig may nibble the pages in excitement.)

It's hardly fair to say predictable since if you know Pride and Prejudice you know this book.However, the photos of the pigs dressed in their finery was truly full of surprises.I bought this for my sister who

owns two guinea pigs. She was thrilled and loves this book. Even if you're not into guinea pigs, it's still fun.

Adorable! This is an early Christmas gift for a friend who loves Pride and Prejudice and re-reads it every year, and I know she's going to love it. The costumed guinea pigs are awesome, and Austen's story, thought obviously condensed, still shines. The most important quotes from the novel are featured and are not altered. The book is smaller in size than I imagined, although that doesn't matter to me. Just make sure you know what you're getting. Recommended.
