## Customer Reviews

A little disappointed with the book. Been getting these for years and feel there are much fewer recipes and quality of the recipes were poor. Lots of quick, assemble ingredients (not real cooking/baking). Frozen waffles with fast food chicken strips, really! Not the Southern Living I have loved for years.

I have been purchasing Southern Living Christmas books for years. While I did find some recipes I'm sure I'll like, and some decorating ideas, I do not feel this particular book was one of Southern

Living's best. I went back and forth about keeping it, and finally decided to not send it back.

Southern Living never disappoints. Every year, I grab up this book for my mother for Christmas. On Christmas morning the girls sit at the kitchen counter and look at the many recipes, decorations and organization tips. Of course, this would be for the next year, we have already used the year before for the current year. We may need to change this give this gift earlier next year. LOL

beautiful photographs and well written instructions...my only disappointment is that there are way too many recipes...i want this book for the decorating ideas...I love the calendars in the back and the sections for documenting events, ideas, gifts given and received, christmas card lists...it is very well done---I have purchased their books since 2000!!

Every year for the last several I have gotten the Southern Living Christmas book at Barnes & Noble, but by the time I was able to get it we were well into the season. This book has - not only great recipes, decorating ideas, and gift giving ideas, but it also has the most terrific planning section. This year I should be well ahead of the curve!

THIS IS A GREAT BOOK AND A GREAT GIFT.

loved it .. Christmas by Southern Living..the recipes are wonderful

Beautiful decorations, yummy food
