## Customer Reviews

This is the book all of us party lovers and party givers need-- Mary Giuliani breaks it down so I finally understand how much, when, how many etc. Plus the theme ideas and stories are hysterical. I will be mini-Thanksgiving it for years to come! Brava

I had no expectations simply because Mary is not an author. She does what she does and is magical at it - I have had the pleasure of attending her affairs. That said, this book is fantastic. It's funny. It's heartwarming. It's an easy pleasure to read. It makes you feel as though a friend is telling you GREAT stories and you are all ears! I am definitely giving this out as holiday gifts to a bunch of folks on my list - well done Mary!

Let me start by saying I plan to host my first cocktail party next Thursday after buying this book two weeks ago. Having attended various cocktail parties over the years, I've found most to be great but very few had a truly inventive aspect or unexpected wow factor. So when I saw this book I knew instantly that there had to be a better way. Eat, drink, play, recover. Brilliant. Too often "recover" is left out of the discussion and everyone is left to fend for themselves after a night of imbibing. (Guilty!) This book not only makes me laugh out loud but also makes hosting a cocktail party so approachable, enjoyable and disaster-proof (as much as a book can, that is.) What's great is this is not just a book for the holidays. Super Bowl, awards season parties, Cinco de Mayo (my personal favorite!), hell she even has baby showers covered. God bless this woman for rescuing us from

another tea + games baby shower...Such a great purchase. I plan on giving this book to my close friends as gifts at my cocktail party next week.Cocktail party game changer.

The best party how-to I ever read. Not only does Mary cover all of the bases, but she shares personal stories from her life that make it so personal, funny and heartfelt. This book really connects with the reader, and makes beauty, dazzle, creativity, and fun accessible to anyone who reads it. Such a down to earth book for raising the bar to fabulousness at any budget. I cannot wait to serve her cocktails and menus to my friends and family and have a blast doing it!!! Right on!!!

The Cocktail Party: Eat Drink Play Recover is the must have holiday gift this season. It is perfect guide for the chic girl on the go who wants an easy to follow lifestyle and cook book to ensure that her parties looks instagram perfect from start to finish! Mary's hilarious anecdotes add color and vibrancy to this lifestyle book while showcasing her casual but elegant entertaining style. A perfect holiday gift for friends, parents, in laws and anyone who needs a little help throwing a fabulous party!

I saw the author on the Today Show go through some of her tricks. She's really original for a budget conscious home entertainer. I thought it the perfect gift for all my sisters-in-law. They all loved it and I got a copy for myself too. A fun read and really great ideas.

I cannot say enough about this book! I love how it seamlessly blends the "how-to's" of throwing a party for any number of occasions throughout the year, while also incorporating funny stories and tidbits about the author's personal and professional life. As an event planner I appreciate the adrenaline-rushing, heart-pounding tales of her events, however you certainly do not have to be in the industry to enjoy - this book is relatable on multiple levels, especially as Mary's voice feels like that of a familiar friend. This book is a MUST have!

This is a beautiful book, filled with gorgeous images, so many new ideas and a punch of personality. My favorite is the mini Thanksgiving - what a fun and refreshing idea! This is sure to be a classic that I will reach for time and time again. I ended up ordering additional copies to keep on hand since it makes such a great gift (bridal, housewarming, hostess, holiday). Anyone who has a sense of humor, enjoys entertaining and being the life of the party will love it.
