As wonderful as his first book "Salad Love"! Reading each recipe makes my heart beat faster with anticipation. ALL of these recipes are healthy and filling and ingredients are all within reach at the grocery. I am VERY grateful for both books being written!!!

I checked it out at Barnes & Noble. Great book. I'm also hoping to transition from the bread based breakfast to more lighter fulfilling breakfast. I'll be buying this book and making creative breakfast :)

I keep it on my coffee table and love to just sit and look at the pictures deciding which I will prepare next. I no longer have to think about what to have for breakfast -- these healthy choices have already been created for me. Thank you David Bez.

This book has some great ideas for food combinations. Some will require some tasting and trying to see if they are as good as they sound. But mostly I was inspired to come up with my own combinations. I would have liked to see more dishes with meat like chicken , ham or sausage or bacon but only because I personally would like a heartier meal in the morning. But there is a great assortment for all eating styles.

Well presented and directions. Many recipes are similar with easy tweaks to make them different.
