They say real men don't eat quiche but I am here to tell you I am a real man and I love it. If you think about it all quiche is is an omelette with more flavor and style than just a fried egg and because it's baked it's better for you too. So come on real men and grab a fork and dig right in. Thank you and enjoy your delicious and healthy dish anytime.

The Savory Pie & Quiche Cookbook contains a wide variety of savory quiche or pie recipes. The book is nicely laid out and the recipes seem to be clearly written. The interactive table of contents makes navigation easy. Some of the recipes you will find in this cookbook include: Tomato Pie, Mini-Quiche, Asparagus Quiche, Ham & Wild Rice Quiche, Rice Crust for Quiche, Quick Cheeseburger Pie, Steak Pie, Turkey Pot Pie, English Cottage Pie, Fisherman Pie. Recommend.

I love this book making the different Quiche recipes . make them, freeze them cook later. On a lazy day. Or when you have guest just stick in oven and enjoy your guest. So many to choose from. you rock!!!!

Very bare bones recipe book, which I guess makes sense for the price. There are no photos or illustrations, just text recipes that probably could have been pulled from the internet. Some of them are a little vague on the crust and basically just tell you what filling to use, and some of the recipes seem very similar/redundant. All in all it's fine if you need some new ideas for quiche varieties, like you're on an all-quiche diet and you're getting bored with your usual standbys or something, but you can probably get the same information for free on the internet with minimal effort.

I suspect Julie Hatfield dubbed this book *The Savory Pie & Quiche Cookbook: The 50 Most Delicious Savory Pie & Quiche Recipes* because the more accurate title of *Fifty Recipes I Got Mostly Off of Allrecipes.com Over the Course of a Couple of Days* didn't fare as well in the focus group. The cookbook, which exists only in the Kindle format, is worth perusing if you have a Kindle Unlimited account and can borrow it for free. If not, you'll do just as well scouring

Quiches and other savory pies are great comfort food. The family and I love them. I enjoy these inexpensive little cookbooks filled with ideas of what to make when your head is too tired or lazy to think for itself.

I live these recipes, easy I follow and the results are amazing! Oh so good! I love quiche too hehe

We love Quiche and this book is great, the ideas and choices especially of things you never thought would go together are great
