Southern Living 50 Years: A Celebration Of People, Places, And Culture

Synopsis

For the last 50 years, Southern Living magazine has reported on and photographed what makes the South so very unique and how it has evolved; it's distinct regions, its music, its homes, its gardens, its food, and most importantly, its people. Now, to mark its Golden Anniversary, Southern Living presents a gorgeous gift book that tells the true story of the South as only Southerners and Southern Living can tell it. Filled with evocative images, fascinating stories, revealing explorations, and time-honored recipes, Southern Living 50 Years is about how Southerners live, what they value, how they cook, how they welcome people into their homes. The book is divided into three sections: Journey South: A visual road trip through the South accompanied by thoughtful essays Welcome Home: A celebration of the Southern home including gardens, architecture, design, and indoor and outdoor living. The Southern Table: The South is famous for nothing if not its food. The book includes an exploration of the evolution of regional cuisine and includes 40 favorite recipes from Southern Living magazine with many additional recipes from renowned Southern chefs. Southern Living 50 Years reminds Southerners what makes their region and their lifestyle so special. And for non-Southerners, it serves as a fascinating guidebook and provides an authentic view of the distinctive culture of the South.

Customer Reviews

This book is a super MUST have BEST read if you have enjoyed Southern Living magazine from its beginnings in the mid 60s. I'm a subscriber from the very late 70s and have been ever since. This is

one great coffee table book that people will pick up. Trust me. Even if they are Northerners like myself. LOL. Amazing stories of SL history, past articles and vintage photos from the past make this a super gift for someone who subscribes to SL. Except for an awful period when M.Lindsay Bierman took over the magazine as Editor in Chief in 2010 till 2014 when the magazine sunk to new lows and thankfully they replaced him with Sid Evans, the magazine remains great today. A definite gift to someone they will totally enjoy.

A,very beautiful book filled with gorgeous photos from the past 50 years of the magazine. I had hoped there would be more recipes --- only 14 pages.

Great book for all the magazine lovers and probably even if you're not. I wish the regular cover (not the jacket) wasn't such a dull color. It doesn't look pretty on my coffee table without the jacket. That's a small complaint for a very good compilation book.

wished It had more OLD SOUTHERN STORIES. The kind we enjoy now in the back of the magazine. Too many pics of homes and up to date homes, could have been more recipes for sure. Wouldn't recommend the money to spend on it.

I was disappointed that the publication focused more on covers and not so much on what has made me subscribe for years--beautiful rooms and gardens and special recipes. I love the history, however.

Big coffee table book and I LOVED it! As a longtime Southern Living subscriber, it was so interesting to look back over the covers and articles from the past. Beautiful photography - wonderful articles - great recipes. Truly a must for any Southerner!

Great book with back stories on the south with amazing photos and recipes! I've been a loyal subscriber of "Southern Living" for most of my adult life and this is a must have.

Dynamic conglomeration of all things Southern Living. Especially love the pull out pages of every magazine cover since 1966. Very, very cool.
