## Customer Reviews

I wish I could tell how good this book is. Now retired and finally have time to work in the garden, I need information on how to: The publisher Anness Publishing LTD (good name) should be ashamed to take the work of Richard Bird and make the book into a 7" x 6" book. The type is so small it is very hard to read, sooo back it goes. How much more would ave a 10" book with larger fonts cost? Made for young eyes, you know the 20 & 30 somethings who are really into gardening.
