Fifty Shades Of Chicken: A Parody In A Cookbook

Synopsis

Dripping Thighs, Sticky Chicken Fingers, Vanilla Chicken, Chicken with a Lardon, Bacon-Bound Wings, Spatchcock Chicken, Learning-to-Truss-You Chicken, Holy Hell Wings, Mustard-Spanked Chicken, and more, more, more! Fifty chicken recipes, each more seductive than the last, in a book that makes every dinner a turn-on. You'll want you to see this. Then you'll know everything. It's a cookbook, he says and opens to some recipes, with color photos. You want to prepare you, very much. This isn't just about getting me hot till my juices run clear, and then a little rest. There's pulling, jerking, stuffing, trussing. Fifty preparations. He promises we'll start out slow, with wine and a good oiling . . . Holy crap. You will control everything that happens here, he says. You can leave anytime, but as long as you stay, you're my ingredient. I'll be transformed from a raw, organic bird into something "what? Something delicious." So begins the adventures of Miss Chicken, a young free-range, from raw innocence to golden brown ecstasy, in this spoof-in-a-cookbook that simmers in the afterglow of E.L. James's sensational Fifty Shades of Grey trilogy. Like Anastasia Steele, Miss Chicken finds herself at the mercy of a dominating man, in this case, a wealthy, sexy, and very hungry chef. And before long, from unbearably slow drizzling to trussing, Miss Chicken discovers the sheer thrill of becoming the main course. A parody in three acts: "The Novice Bird" (easy recipes for roasters), "Falling to Pieces" (parts perfect for weeknight meals), and "Advanced Techniques" (the climax of cooking). Fifty Shades of Chicken is a cookbook of fifty irresistible, repertoire-boosting chicken dishes that will leave you hungry for more. With memorable tips and revealing photographs, Fifty Shades of Chicken will have you dominating dinner.

Customer Reviews

Fifty Shades of Chicken: A Parody in a Cookbook opens with the genius dedication, "For chicken lovers everywhere," and just gets lewder from there. In addition to being a parody of "Fifty Shades of Grey"-style erotica written from the perspective of a young hen, "Fifty Shades of Chicken" is also a lavishly illustrated cookbook in its own right. With titles like "Plain Vanilla Chicken" and "Steamy White Meat," the recipes are what makes this book more than a one-note joke or gag gift (pun intended). If only more cookbooks were this profane.

What can be said about this book?!? I picked up a copy for my Mother, my sister, and my aunt as a Christmas present. I believe all of them have read 50 Shades of Grey. Regardless if they have or haven't it should be worth a laugh at Christmas time, right?!? When the book arrived I just had to open it. Being a guy, I have not read the original book (not enough pictures for me) but my wife had (thank God) so I knew what the premise was. Boy did it have me rolling on the ground laughing. It is VERY well written. I read it to my wife, out loud, in the best Patrick Stewart voice I could muster. While I might not get all the "inside" jokes that people who followed the original picked up on, I can recognize good writing when I see it. This was VERY well done! The book is beautiful. Nice print, nice pictures, nice feeling to the pages and the binding. Just all around well printed book. I am the cook of our household being a former Sous chef. I have not made anything out of this book yet since the only copies I have are going to other people. But, yes I will admit, I have ordered a copy for myself to read, alone, by the fire for some "inspiration". It truly is food porn in the greatest way! Can I get one in the 50 Shades of Pork?!? This are some bad things that I want to do to some ham hocks!!! (I have seen the 50 shades of bacon but I don't think it is done to the same quality or by the same people based on the preview I can look at)To the person that gave this book 3 stars because it is gross to think of your food sexually... Lighten up.. No one was implying that you sick a drumstick in your gigi. Although you might want to take the stick out of your... oh never mind!!

After reading a couple of excerpts, I decided that I had to get this book - I was hoping it would be the perfect wedding present. I pre-ordered 4 copies, and they arrived yesterday. I am completely impressed with the quality of the book itself, and the pictures are somewhere in between traditional glossy cookbook pictures and tasteful food erotica (male hands, forearms, and abs are pictured - and those are high quality as well!). There are a couple of pages where there is a very minor

blurring / shading issue with the text (only noticeable because the rest of the book is so impeccably done), but other than that, I am completely happy. I look forward to giving this at bridal showers, anniversary parties, or any other event I can think of!** Important disclaimer - I have not tried any of the recipes. However, they look wonderful - and I laughed myself silly reading the cookbook last night! Hurray for FL Fowler!

This book is HILARIOUS! I gave it to one of my best friends for her birthday and she busted out laughing in the middle of a restaurant for 5 minutes XD I've never been so excited to give somebody a present before and knowing that she is a HUGE 50 shades fan I knew she would love this! Perfect present :)

Fifty Shades of Chicken left me hungry and wanting for more. At first blush, I wanted to be that chicken.. to be touched and marinated. Cooked. I wanted Shifty Blades to want me every day. This book is more than just a parody. It draws the reader in with breathy stories and succulent recipes. Absolutely finger licking delicious. And Julia, she is behind it all. Tsk.Tsk.

Need I say more? I bought this as a Christmas gift for my sister-in-law and she died laughing. She loves to cook, she loves the original Fifty Shades and now she Loves her new cook book. This is definitely a gift that keeps on giving!

I purchased this as a gift and it was worth it for the laughs alone. I'm not sure the recipient will ever cook any of the recipes, but it's fun for a fan of the books. The recipes actually looked pretty tasty, though. Who doesn't like chicken??

I bought this for my mom as a bit of a gag gift, but it actually has really great recipes in it! I would recommend this to anyone looking for a funny, yet useful gift or to someone just looking for some interesting chicken recipes.
