Cynthia Van Edwards' adult coloring books are absolutely wonderful. This is No. 8 in her # Series each one gets better and better. This book has images that every woman can relate to. They are great to color with some intricate designs but not so hard that you are frustrated with coloring them. You can't go wrong with any of Cynthia Van Edwards' adult coloring books! Everyone needs at least one or better yet all of them!

This is #8 in the # series of books that Cynthia has worked on. It is full of everything that women have, want and like. You will find shoes, purses, perfume bottles, all of which are on white pages, black pages and a sort of 3-d imaging which really makes the picture pop of the page. Let your imagination flow with colors and mediums you use. But most of all have fun with book.

I am lucky enough to be in Cynthia Van Edwards special team who gets to preview books and gets special advanced pages to color and share before the books are launched and this one was especially fun! She never disappoints for sure and this next book in the # series is no different. Absolutely beautiful artwork with feminine themes that are very soothing to color.

I am one of the members of Cynthia's team and get advance pages of her books to test run and this one is a keeper the artwork is versatile so u won't get bored coloring same thing throughout really fun to color as u Watch the piece come together and colors pop off the page.

I am a lucky person to be in #CynthiaVanEdwards Secret Team and we receive advanced or special pages of her coloring books. These pages were very detailed and fun to color. There were no right or wrong ways to complete them. They were by far hard, but I loved the detail in them. I think #CynthiaVanEdwards outdid herself in the #Women Coloring Book. I look forward to the next advanced pages.

Another cute book from Cynthia. I am lucky enough to be on Cynthias coloring team and get

advance books and/or pages to color. This book is truly adorable. Another book that has got me coloring things I wouldn't normally color. I had fun coloring the images in this book. (Sorry I can't get the image to flip the right way.)
