The Salt Plate Cookbook: Recipes For Quick, Easy, And Perfectly Seasoned Meals

Synopsis

Sourced from Himalayan pink salt deposits, the Williams-Sonoma® salt plate will change the way you cook and serve food. Now the Williams-Sonoma Test Kitchen has created The Salt Plate Cookbook your foolproof guide to working with its bestselling salt plate. It opens up the world of salt block cooking and shows you how to enjoy it in exciting new ways on the stovetop, on the outdoor grill, in the oven, in the freezer. Start your day with a salt-fried egg with maple-sage breakfast sausage, enjoy a salt-grilled Pizza Margarita for lunch, try chicken satay and smashed potatoes with chimichurri for dinner, and top the whole day off with a salt roof sundae all made using the salt plate. Other delicious dishes include salt-seared sea scallops, quinoa tomato and feta-stuffed portobellos, beef tartare, herb marinated vegetable skewers, and more. No matter the dish, the salt plate cookbook will take your meal to the next level. For the salt plate user and home chef, there is no better resource.

Lots of great ideas and recipes for how to use your salt plate. So far we have used three of the recipes and it is a fun presentation and adds flavor. I like that the recipes have most items you would already have on hand.

More recipes would have been nice. Explaining how to use on an electric range would make good sense.

Yes, the book is small. Yes, it didn't contain as many recipes as it could have. But the recipes it did contain look good.

We love cooking in our outdoor kitchen with these salt blocks. We will be trying many of these new recipes!

Good book for getting starting using your salt block. It a small book so you don't have a lots of recipes.

Did not look at salt rock I ordered Frome you all was broke don't even want to talk about iy
