## Customer Reviews

I love this book because it is full of ornament designs and smaller projects. It has snowmen and Santa projects, as well as samplers and just really cute things. The pictures are in bright colors and I am so happy to have this in my collection. This book is great!

I have been stitching over 30 years and only recently discovered these hardback books by BH&G. Beautiful charts and easy to follow. What's old always comes back again!

Better Homes and Gardens never produced an Annual Christmas Edition in Cross Stitch that hasn't become a classic. This is no exception. Gobble it up before it disappears, again. The price is unbeatable, the quality and variety unexcelled.

I bought this book for a particular pattern but found I like a lot of others in the book too. I received this book in a prompt manner and in good condition as described.
