Customer Reviews

It is written in grams instead of cups as in Europe & I don't know how to translate it. Otherwise the recipes sound yummy! :)

wow, there are sooooo many recipes in this book!!! I love how much variety there is too, being vegan doesn't mean you have to eat boring or tasteless food, these recipes prove it. What an awesome recipe book!!!!

It works great. My only problem is that there are spots that are difficult to clean.

I just purchased a new combination Rice Cooker and Food Steamer, so am anxious to try some of the recipes in this Rice Cooker Recipe book. Other than many rice recipes, it has recipes including soups, Mexican Red Lentil Stew, Chipolte Tacos, and Stir Fried Rice, as well as many others. I would have given it a 5 star if it had the nutrition facts listed. It also doesn't have any pictures. But, the recipes are so simple and easy to make in a rice cooker that I will be using it often.

I love my rice cooker! That is amazing how many dishes you can create with this wonderful appliance. This vegetarian cookbook is a great addition to my collection, because it contains tons of delicious recipes especially for rice cooker.

Lots of good recipes
