## Customer Reviews

Unlike those on "Platinum Weddings", and all those other UN-reality wedding TV shows, I had/have hardly any wedding budget to work with. Bridal Bargains (9th Edition) has been unbelievably, without a doubt the biggest help of ANY resource ANYWHERE. I am a researcher so had spent hundreds of hours pouring over thousands of sites, pages, chats, search engines, you-name-it to find help in my area of SW Florida for inexpensive wedding/reception sites (none exist!)--I even emailed brides from OTHER STATES via Trip Adviser to find out where they got married in my own city!!! (Let me amend that by saying I couldn't put together a wedding for less than \$5,000 and we just don't have it.) Anyway, after reading reviews of this book here on , it seemed it might have at least SOME help, but could be outdated. Not at all. Even after 7 mos researching online, having been to 3 overwhelming wedding shows, interviewing a few vendors and reading numerous bridal mags before even getting the book, I found its info relevant, informative, pertinent and so engrossing I read 2/3s of it the first night! One thing I didn't expect was letters from brides with real-life problems pertaining to each of the sections (such as Apparel, Ceremony Sites, Wedding Flowers, Invitations,

Reception Sites, Catering, Photography, Videography, etc)., with the corresponding answers/comments from the authors, in addition to basic data on the subjects. Of course, the info is so important that I've got a million scraps of paper (as bookmarks) sticking out from every other page practically!! got my father to read the part about Reception Sites since he's coming with me to the negotiation--we needed to get our skills bolstered!
