This is the book to give valuable information about how to use those extra potatoes you can never get rid of before they rot. It's also interesting to think about the potato famine in Ireland and wonder how many of these recipes carried over. It's creative. I plan to get another book for a gift. az

Maybe you can't live on potatoes, but this cookbook sure gives you a reason to try. There are some very tasty recipes in here that should not be missed.

Anything that has at Readers Digest puts out is excellent. This book is no exception.

Much larger book than it looked. Great buy.
