## Customer Reviews

Caprial has written another inspiring cookbook this time with the addition of wine suggestions and entertaining ideas. Both help to make this latest cookbook one that you will reach for again and again. This book is about using the freshest ingredients and preparing the most delicious food. The recipes will allow you and your guests to enjoy unique dishes but with a minimum of fuss. From appetizers to desserts Caprial has assembled recipes that let you enjoy the experience of cooking but still leave you with time to enjoy your family and friends. Choose something new like the roasted pork loin with a rosemary balsamic glaze or something fun like corn dogs. It's all in this book from a chef who understands what food is meant to be. Enjoy!

I ordered this book because I saw one of her programs on TV (with her husband John) and liked what they were making and wanted the recipes. However, when I got the book, it didn't have the

recipes I was expecting and didn't really like what was in it. I might make something from it in the future. I used to live in Portland and thought this would be a way of supporting she and her husband.
